Kunyoung's luck of the day (October 31, 2021) as a(n) libra:

Agitators and provocateurs won't get under your skin. Be calm as can be, secure in the knowledge that your own idea is still the best. With this kind of great thinking, you can wait until you're good and ready.
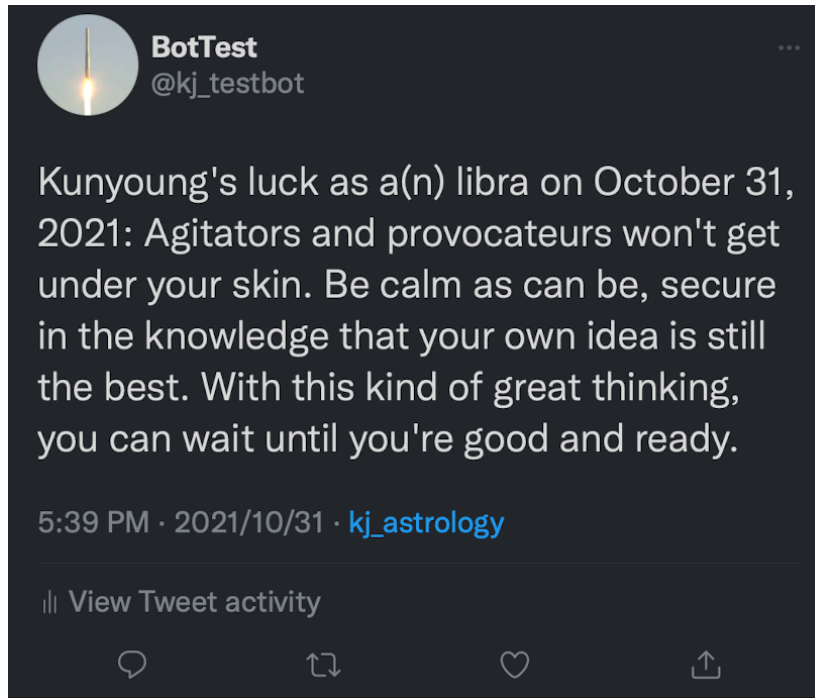

You will get along well with a(n) Virgo.

Your lucky color is Silver. Maybe wear Silver colored items today!

Your lucky number is 22 and your lucky time is 10pm.

Have a great day!
